

## Car Rental Return

### Where to return and park your car

#### **Locate your terminal first**

To make sure your rented car will be available at the right terminal, we would recommend inquiring beforehand at which terminal your flight is due to arrive or depart.

#### **Formalities are kept as brief as possible**

Both terminals have parking lots for the return of rented vehicles. Simply follow the "Rental Cars" signs. The car rental firms at Terminal 1, Arrivals Hall A and Terminal 2, Level 3, have mailboxes where you can return your car key and vehicle documents without any formalities. Simply put your key and documents in the relevant mailbox.
