

## **Check-in at AIRrail Terminal**

### **How to check in right at the train station.**

If you arrive by rail at the long-distance train station in the AIRail Terminal, you can take advantage of a special check-in service after just a few steps. Right in the passage leading from the station to Terminal 1 is a "Check-in T" counter ("T" stands for train). Many airlines let you conveniently check in there up to 45 minutes prior to your flight's departure time.
