

City with outstanding prospects

Diverse Business Opportunities at One Site - Including Worldwide Connections

Frankfurt Airport City is much more than an airport: it is a city with global access. Take advantage of the diverse benefits of a city while also profiting from maximum mobility and flexibility — for you and your customers. The Airport City offers innumerable opportunities for companies of many kinds to do business: so far over 500 enterprises have settled here, including many major global players. It is truly the right address for turning your business idea into reality — whether you are looking for a suitable lot, office building or cargo handling facility or a place to open a shop or restaurant in one of the airport terminals, or simply want to rent an office. The Retail & Properties division of the airport's operator, Fraport AG,- will be happy to make you a tailored offer.

If you do business at the Airport City, you'll benefit from:

- Diverse real estate opportunities
- A high degree of mobility
- A unique infrastructure with numerous conference facilities and overnight accommodations, corporate parking in the immediate vicinity of offices, attractive shops, bars and restaurants as well as banks, insurance companies and medical care, all within a stone's throw.
- Enormous consumption potential
- Outstanding growth prospects
